LONDON CHECKS SLUMP IN COPPER

Dissolution of Harriman
Stocks Makes New York
Market Active.

NOTE—All Market news on
this page reflects closing sale
prices (unless by or for be-
specified) on Friday, Febru-
ary 7.

New York, N. Y., Feb. 7.—Solution of the difficulties encountered in bringing about disintegration of the Harriman system infused more life into the market, which was generally firm on the resumption of business today. The action of Harriman stocks, however, reflected a diversity of views as to the effect of the dissolution plan upon properties involved in the investment in these shares was not long maintained. Subsequently Union Pacific showed pronounced strength on the position that it had the best of the bargain.

London reported a check of the slump in copper metal and although traders believed that the producers' monthly would indicate unfavorable trade position, copper shares were the strongest feature of the market.

London reported a check of the slump in copper metal and although traders believed that the producers' monthly would indicate unfavorable trade position, copper shares were the strongest feature of the market.

Amalgamated lost part of its advance on the publication of the producers' statement which showed that expectations. The balance of the list was steady.

Specialties became prominent in the afternoon. Harvester rose 2 1/2, Rubber 1 1/2, and the Transients one 1/2. Railroad shares and the lead industries were neglected.

The market closed firm. Speculative interest diminished steadily and a few of the standard issues only vibrated more than one-eighth in the final hours of business.

Copper was less rigidly held, and Southern Pacific continued heavy, in contrast to the comparative steadiness of Union Pacific.

HOUSTON PRAISES MIAMI AND GLOBE

J. Sam Houston, general manager of the Campbell show, now wintering in El Paso, has returned from Miami, Fla., where he arranged to put on his show for a week. He raised a guarantee of \$4000 in a few hours among the merchants and says it shows that the people there are alive. He declares the town is growing so fast that if a man leaves one section of the town for another he scarcely knows it when he gets back. He says Globe is also booming and that there is much prosperity in evidence in the two municipalities. The road between Globe and Miami is now being rebuilt, he says.

Campbell shows will appear at Miami under the auspices of the new Miami fire department, which is trying to raise money enough to buy a new fire truck.

DEATHS AND BURIALS

MRS. M. A. BELK.
Mrs. M. A. Belk, mother of Mrs. Walter Scott, died Friday morning at a local hospital. Since her daughter's death she had been in poor health. She was 70 years of age and was known in eastern Texas. J. R. CRUMMEY, 29, DIED

J. R. Crummeley, aged 29 years, died at 10 o'clock Thursday night at a hotel on the corner of Second and Florence streets. Because there was no physician in attendance, coroner James J. Murphy was called to hold an inquest. Tuberculosis was the cause of death, according to the verdict of the coroner. The deceased was a native of Chattanooga, Tenn., where he had been employed as a railroad foreman. He came here a month ago for his health, accompanied by a wife, who survives him. Mrs. Crummeley was with her husband at the time of his death. A son living at Chattanooga also survives. Arrangements are being made to take the body to that city for burial.

MARIE L. WITZEL, 2, DIED

Marie Irene Witzel, aged 2 years, died at 8 o'clock at the home of her uncle, George Dennis, 2117 Alameda street Monday. She was the daughter of Mr. and Mrs. A. F. Witzel and she and her mother were visiting Mrs. George Dennis at the time of her death. Funeral services were conducted by Rev. J. B. Abbott and interment was made in Evergreen cemetery.

WHEAT MARKET SHOWS ACTIVITY

Numerous Sales as Result of Mild Weather Result in Slight Decline.

Chicago, Ill., Feb. 7.—Milder temperatures throughout the seasonable weather today over most of the winter crop belt brought about renewed selling of wheat. The result was a setback in prices after an early display of strength. India reported a continuation of drought, but world shipments promised to be large. The opening was a shade to 1/2 cent up. May started at 94 1/2 to 94 3/4. The same change from last night as the market taken altogether. A decline to 94 1/4 followed.

The close was steady with May 1/4 to 3/4 cent lower at 94 1/2 to 94 3/4, touched 94 1/2, and reacted to 94 3/4. The close was steady at 94 1/2 to 94 3/4 for May, 1/4 to 3/4 cent under last night. May oats, which started unchanged to 1/2 cent lower at 2 1/2 to 2 3/4, descended to 2 1/4.

Smallness of hog receipts at western packing centers raised the provisions market higher. The first transaction ranged from last night's level to 1/2 cent advance, with May at \$15.50 for pork, \$10.45 to \$10.47 1/2 for lard, and \$10.47 1/2 for ribs.
